Devon Lodge is part of the Safequarter quality care home group.

"home from home  
in beautiful  
Woburn Sands"

"Set in beautiful  
and secluded  
gardens"

## HELPING YOU SETTLE IN

When you first arrive, a dedicated senior carer will help you settle in and will be a special support to you throughout your stay. He or she will get to know you and listen to your personal needs, so we can tailor things around you.

Your carer will also draw up a personalised care plan setting out your treatments and services. This will include any input you might wish to make or which you need from your Doctor or other specialist. We will review this plan regularly so it continues to reflect your needs.

## A REAL HOME-FROM-HOME

More than anything, we want to make you feel at home by providing you with a friendly and welcoming environment.

We offer tastefully styled single and double bedrooms with en-suite facilities. All rooms have call bells for contacting staff, so you can obtain help whenever you need it.

You are more than welcome to bring personal belongings for your room such as photographs and ornaments or pieces of furniture, providing space allows and they meet with health and safety regulations. At mealtimes, delicious home-cooked dishes are prepared using quality ingredients.

We will plan regular meals around your nutritional needs and your particular dietary requirements. You have the choice of eating in the privacy of your room or in a dining room. We also serve drinks and snacks whenever you wish.

## FAMILY AND FRIENDS

Your family and friends are always welcome to visit you at any time; if you let us know when they are coming, we can arrange for them to have a meal with you. Light refreshments are offered free to visitors, whilst there is a small charge for cooked meals. You are able to go out with or visit family and friends whenever you wish, providing we know you are safe.

## THE FACILITIES

Devon Lodge can accommodate 26 people. We offer short breaks, convalescence, long term and day care for people of retirement age and above.

We have double and single accommodation with en suite facilities and call bell systems. TV and telephone points are available in each room. The rooms, many overlooking the garden, are on the ground and first floor level with two passenger lifts provided.

There are generous communal areas, a dining room, two sitting rooms and a conservatory, which leads to a delightful patio area.

A full laundry service is included in the fees, whilst the services of a visiting hairdresser, chiropodist and physiotherapist are available to purchase.

## ENTERTAINMENT

There is nothing quite like the buzz of live entertainment in the home, whether it is a local musician, theatre group or school choir, we are sure you will find something that you enjoy. Excursions to local beauty spots are organised throughout the year and lunch in the village pub is a firm favourite.

## KEEPING ACTIVE

The benefits of physical activity are well known. We offer a range of activities to suit your mobility, from music and movement to walks in the grounds or even a spot of gardening. If you have a hobby or interest then bring it with you. For those experiencing memory loss, it is important that you try to remain mentally active. Reminiscence and other memory games are available and encouraged.

## MEDICAL REQUIREMENTS

Residents may remain under the care of their own GP or may re-register under a local GP if required. GP and District Nurses make regular visits to Devon Lodge to cater for any medical needs. We can help you manage your own medication if required.

## CATERING

Join us in the conservatory for an aperitif before lunch. Our dedicated catering team prepare home cooked traditional food and we try to cater for any prescribed or personal dietary requirements. We know how important good nutrition is for older people, so with the advice of a nutritionist, our food is not only delicious but well balanced. There is a choice at all mealtimes and for those in-between moments, home made cakes, snacks and beverages are always available.

## MOBILITY

Assisted bathing and other amenities make mobility as safe and convenient as possible for you.

We provide the following:

-  Assisted bathing
-  Moving and handling aids
-  Two passenger lifts

"Lunch in the village pub is a firm favourite"

## OUR STAFF

Our home is operated by Stacey Pym, an experienced Manager supported by a team of professional administrative staff and qualified carers. We offer 24-hour care by highly trained, motivated and caring staff. You couldn't be in safer hands. We have a continuous training programme for all staff up to NVQ level.

## CARING FOR YOUR HEALTH AND WELL-BEING

Apart from preparing a tailor made care plan and understanding your medical requirements, it is important to us that you are able to enjoy as many of the things you were able to do in your own home. You may feel that getting out and about is important to you. If you drive, there is ample parking for you or your visitors. Alternatively, we can arrange transport to any local venue and see you safely back again.

You may wish to continue with a favourite hobby or perhaps try some new ones. Our activities organiser is always coming up with new ideas.

## ACCREDITATION

Devon Lodge has consistently achieved the 5 Star Excellent Award for Food Hygiene and is currently rated as "Good" by the CQC.

The home is protected by robust Fire Safety and Health & Safety policies, which are regularly reviewed and updated.

Devon Lodge is operated by Amberley Healthcare Ltd and is part of the Safequarter quality care home group.

## ARRANGE A VISIT

Call Stacey, the Manager and come and see our facilities for yourself. Why not join us for lunch or spend a day with us? We would be happy to look after you and discuss any requirements or concerns you may have.
